Monsoon Updates

261	43	43	31	50
Incidents	Districts Affected	Deaths	Missing	Injured

(Government of Nepal, Ministry of Home Affairs (MoHA), 7 July 2021)

Our Focus

Note: WVI Nepal will also respond in Banke and Dhanusha in addition to its working areas considering increasing number of COVID-19 cases in the two districts.

Key Concerns

Floods and landslides triggered by heavy rainfall have affected lives in different parts of the country.¹

Doctors warn a third wave of pandemic could hit the country only in a matter of days, as the authorities are lifting restrictions while the positivity rate is still high.²

Humanitarian Situation Overview

The authorities in Nepal's Kathmandu Valley on Sunday decided to lift all the restrictive measures against public and private transportation and allow more operation hours for shops while extending the ongoing lockdown for ten more days to contain the COVID-19 pandemic. ([District Administration Office, Kathmandu](#))

Nepal is most likely to get 1.5 million doses of the Johnson & Johnson Covid-19 vaccine next week under the COVAX facility, multiple officials at the Ministry of Health and Population confirmed. 2,606,005 people have so far received their first doses and of them 758,046 have been given both doses. ([The Kathmandu Post](#))

Flash floods and landslides triggered by torrential rains across Nepal have left at least 43 people dead, including seven children, and wounded over 50 others. ([The Ministry of Health and Population](#))

So far, a total of 3,339,983 people in Nepal have received coronavirus vaccine across the country, of which 2,587,873 have received the first dose while only 752,110 individuals have been inoculated with both the doses and are fully vaccinated. ([The Himalayan Times](#))

The number of COVID-19 patients is increasing in the government hospitals of Kathmandu Valley again in the past week, as per the doctors. The relaxation of the prohibitory orders resulting in crowds could have increased the infections, as per the doctors and public health experts. ([Online Khabar](#))

Implementation highlights

Preparations being done for the distribution of food supplies to 41 households in Jumla district on 4 July 2021.

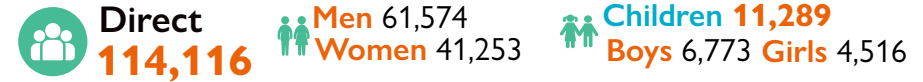

A tractor transporting food supplies stuck in mud following heavy rainfall in Sindhuli district on 30 June 2021.

Community Feedback

“World Vision has been supporting us with food supplies along with other support in the past. These food supplies will help us feed our children and family for some weeks now. We are very happy!”

-A community member, Bajhang district

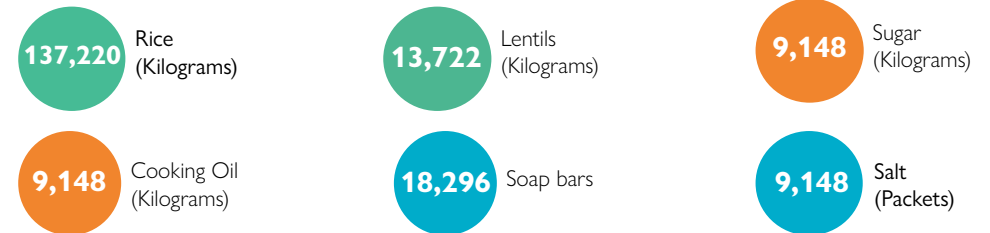

People reached

983 self-learning materials including stationary items (a dozen pencils, a notebook, an eraser, a sharpener, a pack of color pencils, clear bag folder and a set of self-learning books) have been distributed in Kirtipur and Kathmandu to grade 1-5 students of 5 July, 2021. Self-learning materials have been provided with an aim of keeping all children learning even during closure of schools during the COVID-19 lockdown. **New*

The **seventh episode** of radio programme "**Hamro Ghar Hamro Paathsala**" has been broadcasted to remotely engage children to continue their learning during the prolonged nationwide COVID-19 lockdown. **Updated*

4,574 out of 5,139 (89%) households have benefited from food consumption support as of 5 July, 2021. The food package lasts for almost three weeks for a household of four members **Updated*

Challenges

Difficulty in transportation of food supplies by vendor due to landslide in Udayapur district. Coordination with local government is ongoing to resolve the issue.

Food supplies distribution in Mahottari district was disrupted due to floods for some time.

Implementation highlights
