

INDONESIA

THIS MEANS THE WORLD

OUR PARTNERS

FACTS

In the last 3 years:

- The average number of annual fatalities caused by floods reaches 263.
- The affected population reaches 11,109,721 people in total.
- Physical, economic, and environmental losses reach more than IDR 1 billion.

World Vision International - Indonesia focuses on grassroots engagement to enhance communities' ability to cope with disasters and climate change impact. We collaborate and synchronise all of the modalities from all stakeholders, including government, community, academia, private sector, and media.

KEY INTERVENTIONS

Awareness raising and behavior change in managing domestic waste

Improving livelihoods and contributing significantly to a healthier and cleaner environment through waste management and recycling systems in urban areas

Expected outcome: 22,651 people in 5 sub-districts will benefit from the functional waste banks.

Farmer-managed natural regeneration

Restoring land at low costs to combat poverty and hunger amongst poor subsistence farmers by increasing food and timber production and resilience to climate extremes

Climate-resilient villages

Blending indigenous knowledge with modern scientific knowledge to better address the adverse impacts of climate change and other environmental changes as well as improve people's livelihoods

Indonesia Rural Economic Development

Facilitate the rehabilitation of landscape and natural resources while increasing community's sustainable income

- > **Donor:** DFAT
- > **Budget:** USD 2,978,177
- > **Timeline:** July 2015 – June 2022
- > **Reach:** 3,683 beneficiaries

Cocoa Life

Develop sustainable livelihoods for cocoa-farming communities with a focus on women's and youth empowerment, child labour prevention, and land and forest protection

- > **Donor:** Mondelēz International
- > **Budget:** USD 834,206
- > **Timeline:** 1 Feb 2022-31 March 2025
- > **Reach:** 7,029 beneficiaries

NOTABLE PROJECTS

Solid waste management

Empower waste workers and communities affected by poor waste management to create meaningful employment and income generation opportunities, while tackling health and environmental issues associated with waste management

- > **Donor:** BMZ
- > **Budget:** EUR 1,188,402
- > **Timeline:** 2019-2022
- > **Reach:** 1,194 beneficiaries with accounts in 10 self-sustaining waste banks

Supporting disaster preparedness of local NGOs and communities

Strengthen the localisation of disaster risk management and enhance the leadership of adolescent girls and women's groups in disaster risk reduction

- > **Donor:** USAID
- > **Budget:** USD 1,500,000
- > **Timeline:** June 2011 – November 2022
