

# Myanmar Earthquake Response

Situation Update No.3  
April 13-15, 2025

## KEY MESSAGES

**World Vision is deeply concerned for the well-being of children and their families affected by the earthquake:** Children are among the most affected, facing increased risks, loss of learning, and urgent protection needs.

The 7.7 earthquake, that hit Myanmar on 28 March caused widespread damage to homes, schools, health centres and public infrastructure in Mandalay and Sagaing. The earthquake compounds an already dire humanitarian situation where nearly 20 million people already needed humanitarian assistance across the country due to prolonged conflict, recurring natural disasters and economic collapse. Children and their families who have lost their homes are now dealing with **extreme heat** and **expected rain or thundershowers**, further deepening those already critical needs, especially for shelter.

**World Vision is providing live-saving relief assistance to the children and their families affected by the earthquake:** Through our humanitarian efforts, both immediate relief and long-term recovery, we aim to support 500,000 people, including 172,000 children. As of 13 April 2025, we have reached **67,669 people** affected by the earthquake, including **20,997 children** (11,421 girls, 9,576 boys).

## OUR REACH

**67,669 people**

reached including through our humanitarian efforts, **20,997 children** (as of 13 April)

**60,506 people**

including children, received essential food items such as instant noodles & dry food

**2,395 people**

received Multipurpose Cash Assistance (MPCA)

**861 people**

supported through Mental Health & Psychosocial Support (MHPSS) services

**2,466 children**

reached through child protection and participation initiatives, which includes safeguarding awareness sessions

**7,920 sachets**

of water purification distributed, benefiting **660 people** including **310 children**

**26,975 packs**

of dried food distributed

## CONTEXT OVERVIEW

Strongest earthquake recorded since Turkiye and Syria in 2023

**17 million** people affected (UNOCHA)  
**197,113** people internally displaced (AHA Centre – 10 April)

**2 million** new people in need since the earthquake. (UNOCHA - 12 April)

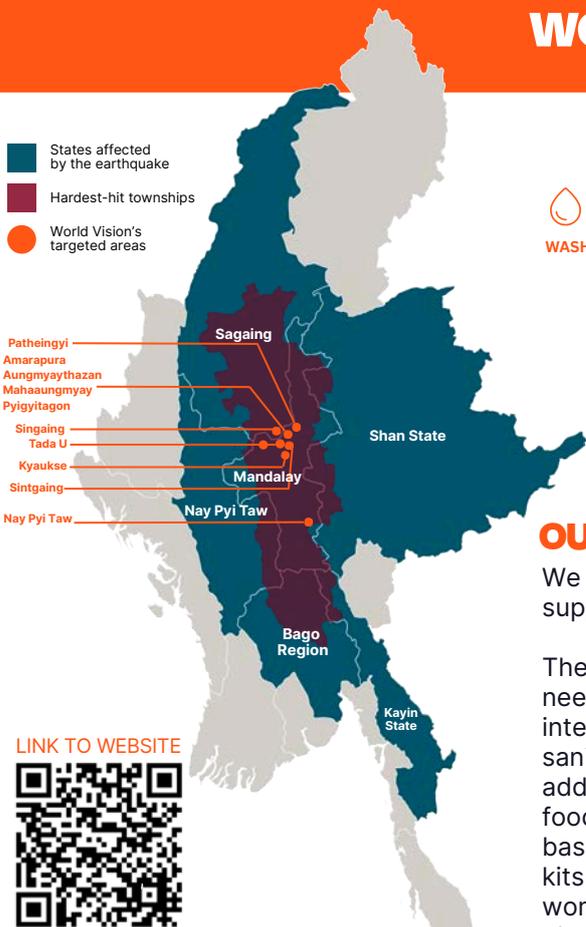

Nearly **3,600** dead, more than **4,800** injured (AHA Centre – 12 April)

**49,857** damaged houses, **2,311** schools, **193** hospitals/clinics and **214** roads damaged

Increased risk of violence in open-air or overcrowded shelters lack privacy & security, and family separation can increase risks of violence & exploitation.

# WORLD VISION'S RESPONSE

## SECTORAL FOCUS

## OUR TARGET

\* **500,000** people  
including nearly \* **172,000** children

\* numbers are subject to change as the response plan evolves

## OUR SIX-MONTH RESPONSE PLAN

We will scale up our humanitarian response to address urgent needs and support long-term recovery in affected communities.

The response plan consists of several key components to meet urgent needs and support recovery. **WASH (Water, Sanitation, and Hygiene)** interventions will focus on restoring access to clean water and improving sanitation to prevent disease outbreaks. **Food and cash assistance** will address food insecurity and support families with immediate needs through food distributions and financial aid. **Protection efforts**, including gender-based violence prevention and awareness raising, the provision of shelter kits and the establishment of child-friendly spaces, will help safeguard women and children living in unsafe conditions while supporting their physical and emotional recovery. **Shelter assistance** will provide safe, temporary housing for families who have been displaced, ensuring they have a secure place to stay as they rebuild their lives. **Livelihood recovery**, facilitated through VisionFund, will help families restore income-generating activities and reduce long-term reliance on humanitarian aid.

This plan will be implemented through strong collaboration and engagement with local civil society, community-based organisations (CBOs), faith-based groups, local NGOs and international partners. These partnerships will be essential to ensure effective outreach, timely delivery of services and greater impact within affected communities.

## ACCOUNTABILITY TO THE AFFECTED COMMUNITIES

World Vision is committed to ensuring that affected families receive timely, transparent, and dignified support. We prioritise:

- Two-way communication with communities to understand their needs and concerns.
- Feedback and complaints mechanisms to ensure services are accountable.
- Clear information-sharing, so people know what support is available and how to access it.
- Protection of vulnerable groups, especially children, women and people with disabilities, throughout the response.

"In any disaster, the people most affected and vulnerable are women and children. The children are not only traumatized but they can't go to school. They can't be among their friends and have their normal routine. That is why we have set up child-friendly spaces where children can play games, relax and heal. We are also providing food, basic shelter and bedding, mosquito nets especially for families who have lost their homes and are sleeping outside," - Terry Ferrari, Regional leader, East Asia, World Vision International.

## OUR DONORS

## World Vision Support Offices:

Australia, Austria, Canada, France, Germany, Hong Kong, Ireland, Japan, Korea, Malaysia, New Zealand, the Netherlands, Singapore, Switzerland, Taiwan, United Kingdom, United States
