A  
Campaign  
for all of Us!

It takes all of us to end  
**Child Marriage**  
in Tanzania

## We are World Vision Tanzania

World Vision Tanzania (WVT) is a Christian development, relief and advocacy Non-Governmental Organization (NGO) which was established in 1981.

WVT is dedicated to work with children, families and communities to overcome poverty and injustice. WVT operates in 13 regions covering 36 districts in Tanzania. We implement our activities through Area Programmes (APs) as an entry point within the target communities. Presently we have 51 APs. WVT works with all people regardless of tribe, religion and ethnicity to help improve and sustain the well-being of children within families and communities, especially the most vulnerable.

By 2020 WVT will be contributing to the measurable improvement in the sustained well-being of 15 million boys and girls – especially the most vulnerable. World Vision Tanzania strategy 2016 - 2020 has strategic priority areas. Livelihood & Resilience; Health & Nutrition; and Water, Sanitation & Hygiene. Education, Spiritual Development, Protection of Children, Advocacy and Gender are cross-cutting functions.

## About the Campaign

### Global Campaign – It Takes a World to End Violence Against Children

In March 2017, World Vision International launched a five-year global campaign to contribute to ending violence against children. The campaign responds to an issue that affects over one billion children every year in every country including Tanzania. It is a problem that not only harms each child but jeopardizes their future survival, health and education.

### What will it take to end violence against children?

*It takes every parent guardian, child, family, community, partner, donor, policy maker, minister, law enforcer, educator, business man and woman, celebrity, journalist, faith leader and every congregation to end violence against children. It takes every one of us, standing up to say the time to end violence against children is now.*

## The Campaign in Tanzania

World Vision Tanzania will focus its efforts on ending Child Marriage. According to Tanzania Demographic and Health Survey 2015, 31% of girls between the age of 20-24 get married before 18 years. This is a problem within most of Tanzanians regions including those; that World Vision Tanzania operates. These regions includes Shinyanga, Tabora, Simiyu, Dodoma, Morogoro, Singida, Kagera, Tanga, Arusha, Manyara, Kigoma, Dar es Salaam and Kilimanjaro.

### Campaign goal

*Our goal is to contribute to the reduction of child marriage incidences in Tanzania aligned to Sustainable Development Goals by 2022*

## Campaign Outcomes

**Through the campaign, we look forward to celebrating the following results;**

- Children protect themselves from child marriage
- Families and communities positively prevent and respond to child marriage and engage with duty bearers
- Vibrant Citizen movements engage duty bearers and mobilize rights holders in promoting child rights
- Adolescents and children have increased access to vocational and life skills training, quality education, health services, and livelihood opportunities
- Laws and policies that protect children are enacted and enforced
